

CURRICULUM VITAE

1. PERSONAL DETAILS:

Full Name: Yaacov Baruch

2. ACADEMIC DEGREES:

1977 M.D., Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.

3. ACADEMIC APPOINTMENTS:

2002- Present Clinical Associate professor, Liver Unit, Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.

2005-2006 Associate visiting professor, Department of medicine, Division of Gastroenterology, University of Texas, Houston, USA.

2002 Visiting professor – Winnipeg health science center (Canada).

1996- Clinical senior lecturer, Department of Internal Medicine, Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.

1995 Visiting professor at the university of Manitoba (Canada).

1991- Clinical lecturer, Department of Internal Medicine, Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.

1986- Clinical instructor, Department of Internal Medicine, Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.

4. PROFESSIONAL EXPERIENCE:

1995-present Director, Liver Unit, Rambam Medical Center, Haifa.

2012 Medical advisor to Coeruleus Ltd.

2005-2006 Senior Transplant Hepatologist and Gastroenterologist, Division of Gastroenterology and Nutrition, Herman Memorial Hospital, Houston, Texas.

1986-2000 Deputy head, Department of Medicine B, Rambam Medical Center, Haifa.

1986-1995 Head, follow-up clinic for patients after liver transplant, Rambam Medical Center, Haifa.

1988 - Special training in intravenous liver biopsy, Beaujon Hospital, Clichy, France.

1986-1988 Experience with gastrointestinal endoscopy, including endoscopic retrograde cholangiography.

- 1983-1988 Residency in Gastroenterology, Rambam Medical Center, Haifa.
- 1987 - Two months' clinical experience in long-term treatment of patients after liver transplant, Presbyterian-University Hospital, Pittsburgh, Pennsylvania, U.S.A.
- 1983-1985 Research fellowship, Liver and Gastrointestinal Units, Groote-Schuur Hospital, University of Cape Town, South Africa.
- 1978-1983 Residency in Internal Medicine, Rambam Medical Center, Haifa.
- 1977-1978 Internship, Hadassah Medical Center, Jerusalem.

Qualifying examinations passed

- 1990 - Israel Board of Gastroenterology.
- 1983 - E.C.F.M.G. (Educational Commission for Foreign Medical Graduates).
- 1982 - Israel Board of Internal Medicine.

5. RESEARCH INTERESTS:

- 1989-present Head of the Laboratory for Liver regeneration medicine, Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology, Haifa.
- 1983-1985 Research in Liver Research Laboratory, University of Cape Town, South Africa. Liver Regeneration and specific growth factors.
- 1981-1983 Research in Lipid Research Laboratory, Rambam Medical Center, Haifa. Hyperlipidemia In Primary Biliary Cirrhosis.

6. TEACHING EXPERIENCE:

- 1998- present Bruce Rappaport Faculty of Medicine, Technion-Israel: Coordinator of the integrative Course of gastrointestinal and liver diseases.
- 1998- present TeAMS- Technion American Medical School Program: Coordinator of the ICM- Introduction to clinical medicine.
- 1986- present Course coordinator – Liver diseases for students in Internal medicine wards.
- 1986-1991 Rambam Medical Center, Haifa: Course coordinator, Internal Medicine for Primary Care Physicians.
- 1980- 1991 Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology: Instructor and coordinator, course in Internal Medicine.
- 1978-1981 Bruce Rappaport Faculty of Medicine, Technion-Israel Institute of Technology: Instructor, course on Physical Diagnosis to medical students.

7. TECHNION ACTIVITIES:

- 2011-Present Strategic Convergence Committee, Faculty of Medicine, Technion.
- 1999-2005 Animal House Committee, Faculty of Medicine, Technion.
- 1999-2001 Member of the MD thesis committee.
- 1993-1999 Admissions Committee, Faculty of Medicine, Technion.
- 1986-1996 Animal House Committee, Faculty of Medicine, Technion.

8. DEPARTMENTAL ACTIVITIES:

9. PUBLIC PROFESSIONAL ACTIVITES:

- 2012- Member of the Israel committee for HCV treatment guide line.
- 2011- Head of appeal committee for liver transplantation at the ministry of health.
- 1996-2011 Member of the board of governors of the Israel foundation for liver disease.
- 2008- 2009 Member of "The Health Basket" committee of IMA.
- 1996-2007 Head of the Liver transplantation committee at the Israel council of transplantation.
- 1993-2005 Member of the Liver Transplant Committee advisory to Israel Transplantation Council (Since 1994, head of committee).
- 1996-2000 Member of the Council for Quality at Rambam Medical Center, and Head of a Quality Improvement project on pulmonary edema.
- 1997-1999 Chairman of the Israel association for the study of the liver.
- 1991-1993 Head, Medical Archives Committee, Rambam Medical Center.
- 1989-1993 Hospital Mortality Committee, Rambam Medical Center.

Reviewer of International Journals

- 1999 Journal of Hepatology
- 2001 Liver
- 2001 Journal Clin Endocrinol Metab
- 2003 Journal of Gastroentrol and Hepatol
- 2004 Journal of Anti Cancer Drugs
- 2006 Hepatology
- 2007 European Journal of Gastroenterol and hepatol
- 2008 Journal cell physiology
- 2008 Journal clin and lab investigation
- 2009 Journal of molecular and cellular med
- 2010 Journal of Histology and Histopathology
- 2010 Rambam Maimonides Medical Journal
- 2011 Histochemistry and Cell Biology

2011	DDS
2012	Journal of Laboratory Investigation
2012	Journal of International Hepatology

Editorial board:

2008	Liver International
2011	Current Tissue Engineering
2012	Editor of the Israeli Journal for Liver diseases (Herefuah Update).

10. MEMBERSHIP IN PROFESSIONAL SOCIETIES:

National:

- Israel Gastrointestinal Association.
- Israel Association for the study of the liver (IASL).
- Israel Association for Organ Transplantation.

International:

- European Association for the Study of the Liver.
- American Association for the Study of the Liver.
- International Liver transplantation association.
- International Association for the study of the liver

11. HONORS:

1992 American Physicians Fellowship and Dean of Faculty Award for Excellency in research.

12. GRADUATE STUDENTS:

PhD, and MSc

Finished

2004	Rubinstein Iris, PhD. Co-culture of hepatocytes and Kuppfer and Ito cells on biodegradable sponges for liver cell support. (with Prof. Smadar Cohen, primary supervisor, BGU).
2004	Shani Hagit, MSc. Enhancement of transplanted liver cell engraftment during liver regeneration in the rat. (Prof. Yaakov Baruch primary supervisor).
2007	Boyanjo Ilanit, MSc. Human embryonic stem cells differentiation during liver regeneration in the rat. (Prof. Yaakov Baruch primary supervisor).
2008	Helena Axelman, MSc. Enhancement of transplanted liver cell engraftment during liver regeneration in the rat, with vascular manipulations.(Prof. Yaakov Baruch primary supervisor).

Expected to finish

2010-2012 Omri Nayshool MSc. Hydrogel scaffolds for liver tissue bioengineering. (Prof. Yaakov Baruch primary supervisor).

MD thesis

1. Igal Peled, 1989: The effect of calcium channel blockers on liver regeneration in the rat.
Supervisors
2. Shirley Nesher, 1990: Hepatitis C virus in liver cirrhotic patients in Israel.
3. Barak B, 1990: Sexual transmission of HCV infection. (Joint supervision with Prof. Ben-Porath).
4. Sigal Rubin, 1996: Amantadine in HCV Chronic liver disease.
(Joint supervision with Dr. Assy Nimer and Prof. Rafael Enat).
5. Konofeniki Muriel, 2002: Pain mapping after liver biopsy to improve patients' care and compliance. (Joint supervision with Dr. Aisenberg A.).
6. Mayson Darawshi, 2012: Can histomorphometric findings predict response to antiviral therapy in patients with chronic HCV infection?
7. Nizar Higazi, 2013: Evaluation of early stage fibrosis in patients with chronic HCV infection using digital imaging.

Basic science

1. Nimer Assy, 1996: IGF-I generation test in patients with liver cirrhosis.
(Joint supervisor with Z. Hochberg and T. Amit.).
2. Sabith Wissam, 1995: Long-term effect of growth factor-binding Factor on regenerating rat liver or parenchymal and non-parenchymal cells.
(Joint supervisor with G. Shoshany.).
3. Ana Salomonov, 1995: Factors predicting response to interferon Treatment in Israeli patients with hepatitis C virus. (Supervision).
4. Krasik Ana, 1996: VEGF and the liver. Use of transfected Fibroblasts with VEGF gene in the nude mice model. (Supervision).
5. Prodjansky J, 1999: IGF-I generation test in patients with liver cirrhosis.
(Joint supervision with Z. Hochberg and Assy Nimer).
6. Weitzman E, 2000: Detection of Sry- domain of the Y-chromosome as a marker of transplanted liver cells. (Supervision).
7. Armali Z, 2002: Diuresis with vassopressin in-patients with tense ascites.
(Joint supervision with Dr. Eisenmam).
8. Weisbuch F. 2004, Liver tissue Bioengineering.
9. Farber Y, 2003: Correlation between Esophageal X-rays and UGIT endoscopy for the detection of varices in liver cirrhosis patients (Joint supervision with Prof. Eliakim).
10. Saadi T, 2008: Hepatocytes function within Biosynthetic polymers.
11. Bramnik Z, 2010: Transplantation of hepatocytes and biosynthetic hydrogel scaffolds, into rat's liver after 70% hepatectomy, the basis for liver tissue regeneration therapy.

12. Ori Kaplan, 2012: Intravascular liver tissue bioengineering.

13. RESEARCH GRANTS:

- 2008- Joint Inter departmental grant with Bioengineering, Technion-Israel Institute of Technology. Biosynthetic hydrogel scaffolds for liver tissue regeneration therapy. (25,000 IS). Prof. Baruch Y. (PI) and Dr. Seliktar D. (PI).
- 2006- Ministry of health research grant from Inheritance funds : Stem cell Transplantation (80,000 IS). Dr. Weitzman E. (PI), Prof. Baruch Y. (PI).
- 2002- Israel ministry of health (100,000 IS). Human stem cells in the SCID mice regenerating liver. (With Prof. Itzkovitz). (PI): Dr. Weitzman and Prof. Baruch.
- 2001- Mars-Pittsburgh fund (25,000\$). VEGF and hepatocytes transplantation. Prof. Y. Baruch (PI) and Prof. G. Neufeld.
- 2000- Ministry of health research grant from Inheritance funds: Liver cell transplantation (18,000 IS). Prof. Y. Baruch (PI).
- 1999- Israel ministry of health (60,000 IS). Tissue Bioengineering for liver failure supports. Prof. Y. Baruch (PI) and Prof. Smadar Cohen (PI) from B.G.U.
- 1999- Israel ministry of health (60,000 IS). Vasopressin in fluid retention in liver Cirrhosis and C.H.F. Dr.Eisenman (PI). Prof. Y. Baruch (PI).
- 1998- Niedersachsen- Technion grant (200 000 DM). Tissue Bioengineering for liver failure support. (Prof. Y. Baruch (PI) , prof. G. Spira (PI), Prof. Smadar Cohen (PI) and Prof. Giuliano Ramadori from Gottingen (PI))
- 1994- Joint grant from Israel Ministry of Health and Technion-Israel Institute of Technology: (15000 IS). Effect of ursodeoxycholic acid on cardiovascular system in liver cirrhosis (Prof. Y. Baruch (PI). In collaboration with Dr. N. Assy and Prof. A. Bomzon.
- 1990-1992 Israel Ministry of Health (15,000 IS). Liver regeneration and growth stimulation. Prof. Y. Baruch (PI), in collaboration with Prof. M. Fry, Dept. of Biochemistry. Technion).

14. SIGNIFICANT PROFESSIONAL PROJECTS:

- 2001 Efficacy and safety of budesonide capsules versus prednisone patients with diagnosis of active autoimmune hepatitis. A double randomized active controlled multi center phase III study (RAFA BUC-38).
- 2002 A Preliminary assessment of safety and antiviral activity of open-label Entecavir in subjects with chronic hepatitis B following monotherapy in other Entecavir trials (BMS AI463-901).
- 2003 Ribavirin with Peg interferon in chronic hepatitis C patients (ROCHE ML16837)
- 2003 Entecavir for subjects with chronic hepatitis B infection (BMS AI463-900).
- 2003 Long-term assessment of treatment outcomes with Entecavir and Lamivudine for chronic hepatitis B infection in patients who have enrolled in phase III Entecavir trials (BMS AI463-049).
- 2005 Randomized, Double-Blind, Multicenter study to compare the safety and efficacy of Viramidine to Ribavirin in treatment –naïve patients with chronic hepatitis C (VALIANT RNA003142-302).

- 2005 A Randomized, Double-Blind Trial of Telbivudine versus Lamivudine in adults with decompensated chronic hepatitis B and evidence of Cirrhosis (QUINTILES NV-02B-011).
- 2006 A Randomized Trial of Switching Antiviral Therapy from Lamivudine to Telbivudine. Continued Lamivudine Treatment in adults with Chronic Hepatitis B (QUINTILES NV-02B-019).
- 2006 A Double-Blind, Randomized, Multi-Centre, PhaseIIA parallel dose ranging study to assess the antifibrotic of GI26570 in HCV infected individuals who have failed standard antiviral therapy and who have documented hepatic fibrosis ISHAK grade 2-5 (GSK GI26570).
- 2006 A Multi-Center, Active-Controlled, Randomized, Open-Label Study to Evaluate the safety, Tolerability, and Efficacy of Albuferon Recombinant Human Albumin-Interferon Alfa Fusion Protein in Combination with Ribavirin in Interferon Alfa Naïve Subjects with Chronic Hepatitis C Genotype 1 (PAREXEL_ALFR-HC-04).
- 2006 An open label trial of Telbivudine in adults with chronic hepatitis B previously treated in Telbivudine studies (QUINTILES NV-02B-022).
- 2008 A phase II randomized, placebo-controlled study to evaluate the safety and efficacy of MK-7009 administered concomitantly with Pegylated Interferon and Ribavirin for 28 days in treatment naïve patients with chronic hepatitis C infection (MSD protocol 007).
- 2009 A randomized, double-blind, placebo-controlled phase III trial of telaprevir with pegylated interferon alfa 2a and ribavirin in subjects with genotype 1 chronic hepatitis C infection who did not achieve sustained virologic response following prior treatment with pegylated interferon plus ribavirin (J & J VX950-TiDP24).
- 2009 A Phase II Open Label Study of MK-7009 Administered Concomitantly with Pegylated Interferon Alfa-2a and Ribavirin to Patients with Chronic Hepatitis C Infection After Participation in Other MK-7009 Clinical Trial (MSD 028-00).
- 2009 A phase II randomized, placebo-controlled study to Evaluate the safety and Tolerability, and Efficacy of different Regimens of MK-7009 When Administered concomitantly with Pegyleted Interferon and Ribavirin in Treatment-Naïve Patients With chronic Genotype 1 Hepatitis C Virus Infection (MSD 019-00).
- 2009 A phase Iib, randomized, double-blind, placebo-controlled trial to investigate the efficacy, tolerability, safety and pharmacokinetics of TMC435 as part of treatment regimen including PegIFN alfa-2a and ribavirin in HCV genotype 1 infected subjects who failed to respond or relapsed following at least 1 course of PegIFN alfa-2a/b and RBV therapy (J & J TMC-435-TiDP16-C206).
- 2009 An Open-Label, multi-center study evaluating the efficacy , safety and tolerability of extended treatment of Pegasys in combination with Copegus in genotype 1,2 and 3 chronic hepatitis C patients defined as slow responders/non RVR (ROCHE ML21778).
- 2010 A Phase 3, randomized, double-blind, placebo-controlled trial of 48 weeks of GS-9190 in combination with Peginterferon Alfa 2a and Ribavirin in previously untreated subjects with genotype 1 chronic hepatitis C virus infection (PPD – GILEAD GS-US-196-0116).
- 2010 A Phase II, multicenter, randomized, double blind, placebo controlled study on the effect of Aramchol on liver triglyceride concentration in patients with steatosis due to NAFLD or NASH (Galmed Aramchol 003)
- 2010 An open-label, single-arm, roll-over trial of telaprevir in combination with pegylated interferon alfa-2a (Pegasys®) and ribavirin (Copegus®) for subjects from the control group of the VX-950-TiDP24-C216 trial who failed therapy for virologic reasons (Tibotec VX-950-TiDP24-C219).

Pharmacogenomic analysis of Blood samples to Identify Host Genomic profiles that segregate responders from Non-responders following treatment with Peg-Interferon and Ribavirin in HCV infected subjects -genotype 1 (CATO PJMR0012106).	2010
A Phase II randomized, multicenter, open-label study of TG4040 (MVA-HCV) in combination with pegylated interferon alfa-2a and ribavirin versus pegylated interferon alfa-2a and ribavirin in treatment –naïve patients with chronic genotype 1 hepatitis C (Transgene TG4040).	2010
Double-blind, randomised, placebo-controlled, multi-centre phase III clinical study comparing the combination of ursodeoxycholic acid capsules plus budesonide capsules to ursodeoxycholic acid capsules plus placebo in the treatment of primary biliary cirrhosis (Dr. Falk Pharma GmbH BUC-56/PBC).	2011
A Randomized, Active-Controlled, Dose-Ranging Estimation Study to Evaluate the Safety, Tolerability, and Efficacy of Different Regimens of MK-5172 When Administered Concomitantly with Peginterferon alfa-2b and Ribavirin in Treatment-Naive Patients with Chronic Genotype 1 Hepatitis C Virus Infection (Merck & CO., MK-5172).	2011
A Phase 3b Study of 2 Treatment Durations of Telaprevir, Peg-IFN and Ribavirin in treatment-naïve and prior relapser subjects with genotype 1 chronic hepatitis c and IL28B cc genoytpe (Vertex Pharmaceuticals VX11-950-114).	2011
A Phase 2, Randomized, Multicenter, Placebo-Controlled, Double-Blind, Parallel gropre study, with an open label extension to evaluate the efficacy, saftey and Pharmacokinetics of E5501 in subjects with chronic hepatitis c virus related Thrombocytopenia who are potential candidates for antiviral treatment (Eisai Inc. E5501).	2012
A Phase III, randomized, double-blind, placebo-controlled study to investigate the efficacy, safety and tolerability of TMC435 vs. placebo as part of a treatment regimen including peginterferon alfa-2a and ribavirin in hepatitis C, genotype 1 infected subjects who relapsed after previous interferon-based therapy (Tibotec. TMC435HPC 3007).	2012
Double-blind, randomized, placebo controlled study to assess the safety and the efficacy of a sublingual administration of Flumazenil to reverse the effect of hypnotic drugs (Zolpidem or Brotizolam) in healthy adults (Coeruleus Ltd. CRLS001).	2012
A Phase 3 Study with Asunaprevir and Daclatasvir (DUAL) for Null or Partial Responders to Peginterferon Alfa and Ribavirin (P/R), Intolerant or Ineligible to P/R Subjects and Treatment-Naive Subjects with Chronic Hepatitis C Genotype 1b Infection (Bristol-Myers Squibb AI452-028).	2012
A Phase II Randomized, Partially Blinded, Pilot Study to Evaluate the Efficacy and Safety of MK-5172 in Combination with Ribavirin (RBV) in Treatment-Naive (TN) Patients with Chronic Genotype 1 (GT 1) Hepatitis C Virus Infection (Merck & CO. Inc. MK-5172-034).	2012
A Phase 3, Safety and Efficacy Study of Boceprevir/Peginterferon Alfa-2a/ribavirin in Chronic HCV Genotype 1 IL28B CC Subjects (Merck & CO. Inc. MK 3034-040).	2012
A Long-Term Follow-up Study to Evaluate the Durability of Virologic Response and/or Viral Resistance Patterns of Subjects With Chronic Hepatitis C Who Have Been Previously Treated with MK-5172 in a Prior Clinical Trial (Merck & CO. Inc. MK 5172-017).	2012
A Phase II Randomized Clinical Trial to Study the Efficacy and Safety of MK-5172 in Combination with Ribavirin (RBV) in Subjects with Chronic Hepatitis C Virus Infection. (Merck & CO. Inc. MK	2012

5172-039).

A Randomized, Double-Blind, Controlled Study to Evaluate the Efficacy and Safety of the Combination of ABT-450/Ritonavir/ABT-267 (ABT-450/r/ABT-267) and ABT-333 With and Without Ribavirin (RBV) in Treatment-Naïve Adults with Genotype 1b Chronic Hepatitis C Virus (HCV) Infection (PEARL-III). (Abbott M13-961).	2012
A Phase 3, Multicenter, Randomized, Active-Controlled study to investigate the safety and efficacy of PSI-7977 and ribavirin for 12 weeks compared to Pegylated interferon and Ribavirin for 24 weeks in treatment Naïve patients with chronic genotype 2 or 3 HCV infection (Quintiles P7977-1231).	2012
A Study of the Combination Regimen MK-5172, MK-8742, and Ribavirin in Participants With Chronic Hepatitis C (Merck & CO. Inc. MK 5172-035).	2013
A Phase 3 Blinded Randomized Study of Peginterferon Lambda-1a and Ribavirin Compared to Peginterferon Alfa-2a and Ribavirin, Each Administered with Telaprevir in Subjects with Genotype-1 Chronic Hepatitis C who are Treatment-naïve or Relapsed on Treatment with Peginterferon Alfa and Ribavirin (Bristol-Myers Squibb AI452-020).	2013
A Phase II Clinical Trial to Study the Efficacy and Safety of a combination regimen of MK-5172 and MK-8742 with Ribavirin (RBV) in Subjects with Chronic Hepatitis C Genotype 2 (Merck & CO. Inc. MK 5172-047).	2013
A Phase II/III Randomized Clinical Trial to Study the Efficacy and Safety of the Combination Regimen of MK-5172 and MK-8742 in Subjects with Chronic Hepatitis C Virus Infection and Chronic Kidney Disease (Merck & CO. Inc. MK 5172-052).	2014
A Randomized, Global, Double-blind, Placebo-controlled, Parallel-group Study to Evaluate the Efficacy and Safety of Once-daily Oral Avatrombopag for the Treatment of Adults with Thrombocytopenia Associated with Liver Disease Prior to an Elective Procedure (Eisai Inc. E5501-G000-311)	2014
A Phase II Clinical Trial to Study the Efficacy and Safety of the combination regimen of MK-5172 + MK-8742 + Ribavirin (R) in Subjects with Chronic Hepatitis C Virus Infection who failed prior Direct Acting Antiviral Therapy (Merck & CO. Inc. MK5172-048).	2014
A Phase III Open-Label Clinical Trial to Study the Efficacy and Safety of the Combination Regimen of MK-5172/MK-8742 in Treatment-Naïve Subjects with Chronic HCV GT1, GT4, GT5, and GT6 Infection who are Co-Infected with HIV (Merck & CO. Inc. MK5172-061).	2014
Multicenter, Randomized Phase 2B Study to Evaluate the Efficacy, Safety and Tolerability of OCR-002 (ornithine phenylacetate) in Hospitalized Patients with Cirrhosis and Associated Hyperammonemia with an Episode of Hepatic Encephalopathy (STOP-HE Study, OCR002-HE209).	2014
Phase IIb, double blind randomized, controlled clinical trial, to evaluate the efficacy and safety of two Aramchol doses versus placebo in patients with Non-Alcoholic Steatohepatitis (NASH, Aramchol05)	2014
An Open-Label, Multicenter Study to Evaluate Long-Term Outcomes With ABT-50/Ritonavir/ ABT-267 (ABT-450/r/ABT-267) and ABT-333 With orWithout Ribavirin (RBV) in Adults With Genotype 1 Chronic Hepatitis C Virus (HCV) Infection (TOPAZ-I, M14-423).	2014
A Phase II, Randomized, Open-Label Clinical Trial to Study the Efficacy and Safety of the Combination Regimen of MK-5172 and MK-3682 with Either MK-8742 or MK-8408 in Subjects with Chronic HCV GT3 Infection (MK3682-012).	2014
A Phase II, Randomized, Open-Label Clinical Trial to Study the Efficacy and Safety of the Combination Regimen of MK-5172 and MK-3682 with Either MK-8742 or MK-8408 in	2014
